

As volunteer leaders of the National Treasury Employees Union ([NTEU](#)) Chapter 255, we proudly welcome you to Food and Nutrition Service (FNS), USDA, Northeast Regional Office.

Our union, NTEU, represents employees at FNS and federal workers across 34 different departments and agencies. We pride ourselves on being the advocate for federal employees in the workplace, at the bargaining table, on Capitol Hill, and in the media. We fight for fair pay and benefits, improved working conditions, and other issues that affect the working lives of federal employees. EU has always been aggressive in our programs and in the representation of our members. Today, that tradition continues.

Recent and noteworthy NTEU gains within FNS

NTEU recently secured a new five-year Collective Bargaining Agreement (or '[contract](#)') resulting in:

More Money for Awards

Expanded Child Care Subsidy

Transparency in Career Ladder Promotions

More Telework Days

Brand New Remote Work Option

COVID-19 Workplace Safety Measures

We hope you will join NTEU Chapter 255 and help support us in seeking to improve the working conditions for all bargaining unit employees. Our dues vary according to grade and step and are very affordable for the average employee. Each new member makes us a little bit stronger. Join us online [here](#).

NTEU Chapter 255 Leaders
Chapter President: Arlasa Davis
Chapter Steward: Brooksie Spears
