

You want to retire one day.

That's why NTEU will never stop fighting for you.

Our union has been around since 1938, but we are not slowing down our work to protect your hard-earned retirement.

We constantly fight proposals to slash your retirement benefits including:

- Eliminating the FERS supplement
- Moving from a high 3 to a high 5 formula
- Eliminating COLAs
- Eroding the Thrift Savings Plan G Fund
- Completely eliminating the defined benefit pension

Take your future into your own hands. **Join NTEU today.**
